

GET IT RIGHT WITH KIDS

An initiative in line with IAP's action plan, for 2016, to standardize diagnosis, treatment and practice protocols.

Crocin® is a trade mark of or licensed to the GSK group of companies. (c) 2017, GSK group of companies or its licensor.

GSK Consumer Healthcare 24 Floor, One Horizon Center, DLF Phase 5, Golf Course Road, Gurgaon 122002.

A LETTER FROM Dr. PRAMOD JOG

Dear Friends,

When I took over as the President of IAP, I had a dream. A dream to make a difference in the way Pediatrics is practiced. This vision was the genesis for the Right Clinic for Kids program and it was made a part of the IAP Presidential Action Plan for 2016.

The Right Clinic for Kids is an initiative in line with IAP's agenda to standardize practice protocols for all IAP members. It also helps you upgrade the skill sets required to handle the growing expectations of modern day practice.

The content for this program has been designed keeping your practice in mind. A combination of medical & non-medical topics with both national & international speakers, I am sure you will find the content compelling and relevant. I urge you to go through the modules and certify your clinic as the "Right Clinic for Kids."

Dr. Pramod Jog
President, IAP 2016
